

Public Schools of Petoskey

A Special Place for Everyone

Montessori School's Annual Education Report (AER) Cover Letter

April 11, 2019

Dear Parents and Community Members:

We are pleased to present you with the **Annual Education Report (AER)**. This report provides key information on the 2017-18 educational progress of the Petoskey Montessori Elementary School. The AER addresses the complex reporting information required by federal and state laws. Our school report contains information about student assessment, accountability, and teacher quality. If you have a question, please contact me for assistance.

The **Annual Education Report** is available for you to review electronically by visiting the following websites. Please note that the combined reports can be accessed from any one of these sites.

Student Assessment- <http://bit.ly/2IryjOm#StudentAssessment>

Accountability- <http://bit.ly/2IryjOm#Accountability>

Teacher Quality- <http://bit.ly/2IryjOm#TeacherQuality>

NAEP- <http://bit.ly/2IryjOm#NAEP>

School Improvement Fund- <http://bit.ly/2IryjOm#SchoolImprovementFunds>

You may also review a hard copy of the school report at our Montessori School Office.

Information from the State of Michigan

For the 2017-18 school year, schools were identified using new definitions and labels as required in the Every Student Succeeds Act (ESSA). A Targeted Support and Improvement (TSI) school is one that has at least one underperforming student subgroup. An Additional Targeted Support (ATS) school is one that has three or more underperforming student subgroups. A Comprehensive Support and Improvement (CSI) school is one whose performance is in the lowest 5% of all schools in the state or has a

graduation rate at or below 67%. Some schools are not identified with any of these labels. In these cases, no label is given. *The Petoskey Montessori Elementary School has received none of these labels in 2017-18.*

Key Building Initiatives

While we are pleased to have reached important academic and character goals, we are constantly working to improve. We have chosen **purposeful** inquiry as an initiative this year and in the future. Our educational philosophy drives **personal** inquiry for all of our students. However, as we facilitate that inquiry process, we are making efforts to make the inquiry opportunities more **purposeful** and aligned to our core Montessori Standards and the MI Content Standards.

We also understand that reading touches all areas of learning, so we have expanded our efforts and development plans for both students and staff by utilizing geln's Essential Instructional Practices in Literacy. Therefore, as a staff, our overarching initiative is to close our achievement gaps between subgroups and work collectively as a team to improve literacy for all students.

We are also required by state law to report the additional information below for the two most recent years:

1. Pupils are assigned to schools based upon the age and grade of the student, living proximity to the school (whenever possible), class size, siblings within the Public Schools of Petoskey, parent preference (when possible), and availability of staff to meet the needs of the student. The final choice to attend the Montessori School is primarily parental when openings are available.
2. We are moving forward on our multi-year School Improvement Plan (SIP), and we continue to make learning gains. Our focus to increase each student's core proficiencies is supported through a continual review/revision/alignment of curriculum, balanced assessment plans and analysis, evidence-based Montessori teaching practices, stakeholder and PLC collaboration, a variety of supports/extensions (e.g., multi-leveled systems of support), and caring for each member of our school family.
3. There are no "specialized schools" within our district. However, we do offer "specialized programs" that include special education, paraprofessional support, enrichment, and alternative educational settings through Charlevoix-Emmet Intermediate District.
4. Our district's core curriculum follows Michigan's Content Standards and Practices in ELA, Math, Science, Social Studies, the Arts, and PE. Montessori teaching and learning practices are thoroughly embedded. The standards can be found at https://www.michigan.gov/mde/0,4615,7-140-28753_64839_65510---_00.html. Our curriculum is built, aligned, and paced using these standards by grade level and/or department. (Montessori's approach is very individualized.)
5. The aggregate student achievement results for our school on state tests can be found in our Annual Education Report or in our Annual Report/Calendar

- available at all schools in hard copy or electronically on the district website at www.petoskeyschools.org under the tabs “Info” & “State Reports.” All state and national assessments (e.g., NWEA) show our students well above average proficiency levels. (Due to our low student numbers, no subgroups are represented in this data.) We do not post common assessment data, EL findings, or national NWEA scores. Our staff utilizes this information to assess, monitor, and report individual student information to parents/guardians and to monitor cohorts’ growth information. The results of these personalized tests are sent to parents/guardians at various times during the school year and are discussed at parent-teacher meetings/conferences and during PLC/building team meetings.
6. The number and percent of students represented by parents/guardians are also displayed in our Annual Report Calendar, which is available in hard copy at all schools and on our district website at www.petoskeyschools.org. Montessori School’s Parent-Teacher Conference attendance was 100% (fall/spring).

The staff at Montessori offers a sincere thank you to our parents and the community for collaborating with us to offer a quality education to students at Montessori. We congratulate our students and their families for their hard work and efforts toward academic success. Together, we will continue to work toward our district and school’s mission.

The Public Schools of Petoskey truly is a “*Special Place for Everyone.*”

Sincerely,
Kim Maves, Administrator
