

Spring 2019: Fifth Grade News

Dear Future Students,

It was so nice to have you drop in on the last day of school and meet the two of us! We promise to spend the summer planning for when we see you in September and naturally, we'll keep reading and writing. We hope you do too! Writing in a daily journal, setting a reading goal, and practicing your math facts will prepare you even more for 5th grade. Get outside, observe, use your manners, and have a great summer! Again we enjoyed meeting you on the last day of school!

Parents: Please send us each an email simply with "HI" in the subject line with this basic information:

- Student Name
- Parent/s Name
- Preferred phone number to call from 8 a.m. to 5 p.m.
- Anything else you would like us to know.

This allows us to set up our contact list prior to school starting.

Supply List on the Back! →

Supply List for Fifth Grade: Organization and time management skills are heavily focused on in 5th grade. We have found that the less items a student has to manage in a classroom environment, the more time they have to practice academic skills. Keep cute toys and extra items at home in your own "Home Study Area". Items **not** on these lists will be sent home. Please do not bring in extra items like pencil sharpeners. Items will be sorted based on the headings below.
